

InterGlobix joins SubOptic Association, an International Subsea Organization

InterGlobix will be participating in SubOptic Association's flagship conference SubOptic 2019 with the theme – *To the Beach and Beyond – Rethinking Global Networks*.

4th December 2018, Fort Lauderdale, FL – [InterGlobix LLC](#), a global solutions company focused on the convergence of datacenters, terrestrial fiber and subsea fiber announced today at Subsea Americas 2018 that it has joined [SubOptic Association](#), the subsea industry's leading global trade organization. SubOptic Association has long been active in the international undersea communications industry and is best known for the triennial conference it organizes, widely considered to be the global summit of the submarine cable community.

The SubOptic 2019 conference, themed *To the Beach and Beyond – Rethinking Global Networks*, will be the premier industry event for companies in the subsea cable industry and will attract upwards of 1,000 subsea fiber-optic cable professionals to New Orleans, LA (USA) on April 8-11, 2019. InterGlobix's President, Vinay Nagpal will be presenting on the topic of "Convergence of Subsea Fiber, Terrestrial Fiber & Data Centers Leading to the Continental Edge & Subsea Colocation".

"SubOptic has been serving the subsea community for the last 32 years, providing great value to the industry. InterGlobix is proud to join the association and honored to have its abstract accepted for presenting at SubOptic 2019 conference", said Vinay Nagpal, Founder and President of InterGlobix LLC.

"We are delighted to have InterGlobix as a SubOptic Association member, joining over 60 companies in the subsea cable industry and supporting industries that make up the association. We encourage participation and have recently established two new [Working Groups](#) for members to be part of", said Yves Ruggeri, President of the SubOptic Executive Committee.
