

InterGlobix and Atlantic Convergence Strengthen Strategic Partnership for Third Consecutive Year Through Executive Event Collaboration and Media Partnership

InterGlobix Magazine returns as Official Media Partner while InterGlobix curates an executive discussion on the future of AI infrastructure, sustainability, and NeoCloud ecosystems.

The graphic is a press release announcement for the partnership between InterGlobix and Atlantic Convergence 2026. It features the InterGlobix logo on the left and the Atlantic Convergence logo on the right. The date '18 AUGUST 2026' is prominently displayed. Below the logos, the title 'InterGlobix and Atlantic Convergence Strengthen Strategic Partnership for Third Consecutive Year' is repeated. A row of five headshots of key executives is shown, each with their name and title: Ivo Ivanov (Founder, Atlantic Convergence), Vinay Nagpal (CEO, IG GROUP), Dr. Sanjay Basu (Senior Director, AI/ML, Oracle Cloud Engineering, Oracle), Jason Black (Sr. Director of Global Network Infrastructure, NVIDIA), and Clint Heiden (Chief Commercial Officer, EdgeCore Digital Infrastructure). To the right of the headshots, there is a QR code labeled 'REGISTER NOW' and event details: 'Join us at Atlantic Convergence 2026', '29 September — 1 October 2026', and 'Lisbon, Portugal'. At the bottom, the website 'interglobixmagazine.com/edition22' and YouTube channel 'youtube.com/interglobixmagazine' are listed, along with the InterGlobix 'iG' logo.

Frankfurt, Germany & Leesburg, Virginia, USA | August 18, 2026 — InterGlobix is pleased to announce its continued partnership with **Atlantic Convergence 2026**, marking the **third consecutive year** of collaboration between the two organizations. Building on a successful relationship established over previous editions, **InterGlobix Magazine** returns as the Official Media Partner. At the same time, **InterGlobix** expands its involvement through a strategic Event Collaboration, reinforcing a shared commitment to advancing conversations around sustainable, secure, and AI-ready digital infrastructure.

Recognized as one of Europe's leading gatherings for executives across digital infrastructure, cloud, connectivity, data centers, investment, and emerging technologies, Atlantic Convergence brings together industry leaders to address the trends, opportunities, and challenges defining the next generation of digital transformation. Through its ongoing media partnership, InterGlobix Magazine will once again provide comprehensive editorial coverage before, during, and after the event, featuring exclusive interviews, thought leadership articles, event highlights, and the publication of its signature **Atlantic Convergence Report**, capturing the key insights and conversations from the conference.

"Atlantic Convergence continues to bring together the leaders shaping the future of digital infrastructure through meaningful dialogue and collaboration. Our long-standing partnership with InterGlobix has helped amplify these conversations well beyond the event itself, bringing key insights and discussions to a broader industry audience. We are pleased to welcome InterGlobix back as both our Official Media Partner and Event Collaboration Partner."

— Ivo Ivanov, Founder, Atlantic Convergence

As part of this year's expanded collaboration, InterGlobix will curate and moderate an executive **Atlantic Café Talk** titled **"Powering the AI Era: Sustainable, Secure Infrastructure and the**

Rise of NeoCloud Ecosystems." Taking place on **30 September 2026** at the **Convergence Stage** in Lisbon, the discussion will be moderated by **Vinay Nagpal, CEO of IG Group**, and will feature **Dr. Sanjay Basu, Senior Director, AI/ML, Oracle Cloud Engineering, Oracle; Dr. Jason Black, Senior Director of Global Network Infrastructure, NVIDIA; and Clint Heiden, Chief Commercial Officer, EdgeCore Digital Infrastructure**. The session will examine how the digital infrastructure ecosystem is evolving to support rapidly growing AI workloads while balancing sustainability, operational resilience, cybersecurity, and digital trust.

"Artificial intelligence is transforming every layer of digital infrastructure—from compute and networking to power, connectivity, and cloud architecture. Atlantic Convergence provides an exceptional platform to bring together industry leaders to explore how we collectively build resilient, sustainable, and future-ready infrastructure for the AI era. We are proud to continue our partnership with Atlantic Convergence for a third consecutive year and look forward to another year of insightful discussions and meaningful industry engagement."

— Vinay Nagpal, CEO, IG Group

"As AI workloads continue to scale globally, organizations must rethink how infrastructure is designed to deliver performance, efficiency, resilience, and sustainability simultaneously. I look forward to joining this important discussion and sharing perspectives on the technologies and partnerships shaping the future of AI infrastructure."

— Dr. Sanjay Basu, Senior Director, AI/ML, Oracle Cloud Engineering, Oracle

"The rapid evolution of AI is creating unprecedented demands on networking, connectivity, and digital infrastructure at every level. Industry collaboration is essential to building the high-performance environments required for next-generation AI innovation, and Atlantic Convergence provides an excellent platform for these conversations."

— Dr. Jason M. Black (JB), Senior Director of Global Network Infrastructure, NVIDIA

"Purpose-built digital infrastructure has become fundamental to enabling the next wave of AI innovation. As demand for AI-ready capacity accelerates, discussions around sustainability, scalability, resilience, and operational excellence become increasingly important. I look forward to contributing to this timely conversation alongside fellow industry leaders."

— Clint Heiden, Chief Commercial Officer, EdgeCore Digital Infrastructure

For the third consecutive year, the partnership between InterGlobix and Atlantic Convergence reflects a shared commitment to fostering meaningful industry dialogue, amplifying thought leadership, and creating opportunities for collaboration across the global digital infrastructure ecosystem. Through strategic media coverage, executive engagement, and curated industry discussions, the partnership continues to connect the leaders, ideas, and innovations driving the future of digital infrastructure.

About Atlantic Convergence

Atlantic Convergence is a premier international conference bringing together leaders from across the digital infrastructure ecosystem, including data centers, cloud, connectivity, subsea networks, energy, investment, and emerging technologies. The event serves as a platform for collaboration, innovation, and strategic dialogue as the industry navigates the opportunities and challenges of an increasingly connected and AI-driven world.

About InterGlobix

InterGlobix is the global platform for digital infrastructure, connectivity, and AI — uniting the leaders, organizations, and innovators defining the industry's future through media, events, and strategic communications. Purpose-built for data centers, connectivity providers, hyperscalers, neocloud providers, and the broader digital infrastructure ecosystem, InterGlobix delivers a focused suite of media and engagement services — including InterGlobix Magazine, Event Collaboration Services, News Embargo & Digital Marketing, and Thought Leadership Voices — designed to amplify visibility, establish authority, and cultivate the industry relationships that drive real impact. Visit InterGlobix at interglobix.com and follow us on LinkedIn at linkedin.com/company/interglobix/
